

VAULT

Lanark WALLCOVERING

Louis is a new pattern designed by Lanark, done in partnership with the National Federation of the Blind. Initially inspired by the tactility of Braille letterforms, Louis features 30 embossed words within the wallcovering that represent the qualities of the human spirit we all possess and strive to implement in our lives. We hope this new design brings awareness to the history of Braille, the beautiful simplicity of the code itself and how it can open up worlds for the blind and people with low vision.

Odyssey Wallcoverings will donate a percentage of each purchase to the Canadian National Institute for the Blind (CNIB) foundation
